GAME MANAGEMENT – WARNING, SUSPENSION & ORDERING OFF (W/S/O)

PENALTY (W, S, O)	TEAM NAME	PLAYER & POSITION	QUARTER	INFRINGEMENT

SCORE SHEET COMPLETED BY AND ON BEHALF OF TEAM

Notes for Completion of Score Sheet

- Complete the match details at the top of the score sheet.
- Centre Passes (CP): Odds (O) Evens (E)
 - Team with 1st centre pass of the game is Even (write E in the CP box and O in the oppositions CP box at the top). If the scores of the 2 teams add up to an even number, then the next centre pass is to the team with E in the CP box (vice versa for an odd number).
- Scoring: When a goal is scored, cross off the next number. At the end of the quarter, circle the last goal scored by each team and write it in the quarter score boxes at the bottom.
- End of Quarter: If the quarter ends during play the E and O swaps (write this in the next quarter’s CP box). If the quarter ends **after** a goal but **before** the CP, then the E and O stay the same (write this in the next quarter’s CP box)
- End of Match:
 - Teams and umpires **MUST** agree on final score.
 - Teams should email score sheet and team sheet to Results@ltnl.co.uk by 8pm on Saturday.

Please see reverse of sheet for Scorer Responsibilities (www.ltnl.co.uk The League – Policies)

Scorer Responsibilities

- Arrive in good time for the start of the game.
- The scorers will sit by the “desk” with the duty team and complete the score sheet (each team to provide their own score sheet), accurately recording each score and ensuring the score board and centre passes are correct.
- If the scoreboard is not working, one scorer must call the score after every goal - loud enough for all on court players to hear.
- The quarter time score and centre pass must be agreed with the umpires at the end of each quarter.
- Keep a record of centre passes, call the correct centre pass if requested by the umpire and be prepared to confirm the score to an umpire at any time during the match.
- If both scorers think that the umpires have signalled an incorrect centre pass, IMMEDIATELY signal the closest umpire by raising an arm and shouting UMPIRE.
- Ensure that any **warning/suspension/ordering off** is recorded on each Score Sheet in the box provided.
- Do not coach, make comments or shout encouragement during the game.

Umpire Responsibilities

Umpires should ensure that two scorers (and a duty person) are in place prior to the start of the match. Umpires will enter the scores on the proforma after each quarter.

The umpires must sign the proforma at the end of the match and agree the scores.
